Alpine S2-A120M 1200W Mono Amplifier

Brand: Alpine Car Audio
Product Code: S2-A120M
Stock: 1
UPC: 793276085153
MPN: S2-A120M
Location: Cleveland, Ohio

Price: $549.95

Short Description
Entry-level sound just got elevated with the S2-A120M Mono Amplifier. Its sleek design houses an Alpine Class D Amplifier Circuit with 1200W of powerful bass performance.

Description
Entry-level sound just got elevated with the S2-A120M Mono Amplifier. Its sleek design houses an Alpine Class D Amplifier Circuit with 1200W of powerful bass performance..

Features

- 1200W Mono Amplifier
- Alpine’s Class D Amplifier Circuit
- Two-Sided Terminal Layout
- Optional Remote Bass Knob Compatible (required RUX-KNOB.2 or RUX-H01, sold separately)
- Power Output: 600W RMS x 1 @ 4?, 1200W RMS x 1 @ 2?, 1200W RMS x 1 @ 1?
- Frequency Response: 20Hz – 400Hz

Unparalleled Power

Alpine's S-Series S2-A120M 1200W Mono Amplifier is the perfect solution for unparalleled power and performance on a budget. With a power output of 1200W at a 1ohm or 2ohm drive, this mono amp is capable of driving even the most demanding subwoofers, delivering clean and distortion-free bass for a wide range of applications. Plus, its compact design makes it easy to install in any vehicle.

Flexible Application

New to the Next-Generation S-Series amplifiers is a new selectable remote turn-on circuit, a three-position switch that ensures the amplifier turns on and off at the proper times. This design is crucial with newer, in-vehicle technology and allows for proper integration with any factory or aftermarket system.

Easy Control Access

The amplifier was intentionally designed with sound controls located on the side panels, instead of the top panel, making it easier to access gain and crossover controls when installed under vehicle seats or in shallow-depth locations. Removable end caps were

added to cover the side controls and connections, providing a clean, sleek finish to the amplifier.

Power Dual Subwoofers

Delivering an impressive 1200 watts of power at both 1 ohm and 2 ohm, the S2-A120M is fully capable of providing ample power to two Alpine S-Series 10" or 12" Subwoofers, ensuring exceptional sound quality and optimal performance.

Specification

Amplifiers	
Amplifier Brand	Alpine
Channels	1, Mono
RMS/MAX Power Per Channel	1200 Watts
Max Amplifier Power	1200 Watts
Minimum Impedance Per Channel	1 Ohm
Speaker Level Inputs	Yes
Built in Crossover	Low Pass
Preamp Outputs	Yes
Bass Knob Control	Yes, Optional
