- 24-Bit DAC
- 3-band parametric EQ
- High pass/Low pass crossover
- Bass Engine SQ
- Steering wheel remote and wireless remote ready
- KTP-445A Power Pack Ready

BEST SOUND QUALITY

For unrivaled sound quality, expect nothing less than the best. The UTE-73BT uses a 24-Bit DAC for ultimate sound quality with all your digital media sources. The 3-band parametric EQ and high pass/low pass crossover lets you do fine-tune your sound system. The UTE-73BT can playback FLAC (Free Lossless Audio Codec) files via USB, for a more accurate listening experience.

BLUETOOTH HANDS-FREE CALLING

Don’t get caught holding your phone while driving. The UTE-73BT is equipped with Bluetooth wireless technology so you can carry on your phone conversations without additional adapters or headpieces.

AUDIO STREAMING HAS NEVER BEEN EASIER

Do you have a large music library on your Bluetooth-enabled smartphone? The UTE-73BT can stream and control your smartphone's music via Bluetooth wireless technology. Want to listen to music from your iPhone without plugging-in? Stream your music via the Bluetooth connection. Whether you have music on your iPhone locally, on iTunes Match, or select third-party audio apps, the UTE-73BT can stream your tunes. If you have an Android smartphone, the UTE-73BT is compatible with Android AOA (Android Open Accessory) 2.0. Use the USB connection to access AOA for better sound and control over basic Bluetooth® audio streaming. These functions are delivered through the faceplate keys.

Price: $199.99 +Tax

*Get expert installation for $74.99 which DOES NOT include parts. You will need parts to install this into any vehicle, such as; wiring harness, dash kit, antenna adapter, steering wheel data controls, and anything else required for an expert integration.
