Price: ~~$1,099.99~~ $999.99

Short Description
Enjoy wireless Apple CarPlay, Android Auto, HD resolution, front & rear camera support, and full compatibility with your factory controls.

Description
2013–2015 Mercedes-Benz GLK 10.25" Touchscreen Upgrade with Wireless Apple CarPlay & Android Auto

Upgrade Your Factory 7-Inch Screen to a Modern 10.25-Inch HD Touchscreen

Transform your 2013–2015 Mercedes-Benz GLK with a premium 10.25-inch touchscreen display that replaces the factory 7-inch screen while retaining your original Mercedes-Benz COMAND system and factory functions.

Enjoy **Wireless Apple CarPlay** and **Wireless Android Auto** for seamless access to Google Maps, Waze, Apple Maps, Spotify, Apple Music, phone calls, text messages, Siri, Google Assistant, and more—all through a larger, modern touchscreen interface.

This upgrade keeps your vehicle looking factory while adding the convenience and

technology of today’s newest infotainment systems.

FEATURES

- **WIRELESS APPLE CARPLAY & ANDROID AUTO** – Instantly connect your iPhone or Android smartphone for navigation, music, calls, messages, and voice control without using cables.
- **HD 10.25" TOUCHSCREEN DISPLAY** – Large, high-resolution display delivers a modern OEM-style appearance with improved visibility and touch response.
- **FULL OEM RETENTION** – Retains factory radio, Bluetooth, microphone, amplifier, steering wheel controls, COMAND controller, factory backup camera, and OEM vehicle settings.
- **PLUG-AND-PLAY INSTALLATION** – No cutting, no coding, no software flashing. Includes vehicle-specific harnesses and mounting hardware for a smooth installation.
- **DUAL CAMERA INPUTS** – Supports both front and rear cameras for added safety and parking convenience.
- **LINUX OPERATING SYSTEM + FAST BOOT** – Fast startup, smooth operation, and reliable long-term performance.
- **ENTERTAINMENT READY** – Compatible with Roku, Apple TV, Fire Stick, Chromecast, and other HDMI media devices for expanded entertainment options.
- **3-YEAR WARRANTY** – Backed by confidence in quality, performance, and reliability.

BENEFITS

- **Enhanced Connectivity** – Access your favorite apps directly from your dashboard instead of your phone. Use Siri or Google Assistant for hands-free calling, texting, music, and navigation while keeping your focus on the road.
- **Improved Navigation** – Use Apple Maps, Google Maps, or Waze with live traffic updates, faster routes, and more accurate navigation compared to older factory navigation systems.
- **Better Entertainment Experience** – Stream music, podcasts, audiobooks, and more using Spotify, Apple Music, Audible, YouTube Music, and other popular apps with full touchscreen and voice control support.
- **Cost-Effective Modernization** – Upgrade your current GLK instead of replacing

your vehicle. This system adds modern technology while preserving the factory Mercedes-Benz appearance and functionality.
- **Increased Vehicle Value** – Adding Apple CarPlay and Android Auto makes your GLK more desirable to future buyers and helps improve resale appeal.

This Mercedes-Benz GLK screen replacement delivers the perfect balance of factory integration and modern technology—bringing your vehicle up to today's standards without sacrificing OEM quality.

NOTES

- Fits 2013–2015 Mercedes-Benz GLK models with factory 7-inch screen
- Professional installation recommended
- 3-Year Warranty Included
