Price: $1,799.99

Short Description
2013–2020 Mercedes-Benz SL Class factory-key remote start. $1,799.99 professionally installed in Cleveland. You must supply and forfeit a working spare factory key. Ignition-switch modification is required. Factory Panic-button or lock-unlock-lock activation; programmable heated/cooled-seat and rear-defroster support with compatible equipment. Optional Directed / Viper SmartStart +$200.

Description
MERCEDES-BENZ SL CLASS • 2013–2020

Factory-key convenience. Professionally installed in Cleveland, Ohio.

Remote start your 2013–2020 Mercedes-Benz SL Class with the factory key you already carry. Give the cabin time to warm up during a Cleveland winter or begin cooling before a summer drive.

Spare Key & Ignition-Switch Modification Required

You must supply a working spare factory key that will be forfeited and dedicated to the

installation. The ignition switch also requires professional modification. This key will no longer be available as your everyday spare.

FACTORY KEY CONTROL

Panic button or lock-unlock-lock activation.

AUTOMATIC COMFORT

Programmable factory heated/cooled-seat and rear-defroster activation.

INSTALLATION INCLUDED

$1,799.99 at our Cleveland shop.

Designed Around Your Mercedes-Benz

- **Factory-key operation:** Works with your existing factory key fob using the Panic button or lock-unlock-lock sequence.
- **Automatic comfort:** Supports OEM heated seats, cooled seats and rear defroster at programmable outside-temperature thresholds, when the corresponding factory equipment is fitted.
- **Steering-wheel programming:** Adjust supported settings including run time, heated/cooled-seat and rear-defroster temperature thresholds, light flashes and timer start.
- **Expandable control:** Supports Directed / Viper SmartStart smartphone control and compatible RF remotes for extended range. Confirm the required interface and remote compatibility before installation.
- **Optional sensors:** Ask about compatible added security sensors. Available sensing functions and sensitivity adjustments depend on the selected equipment.
- **Vehicle integration:** A vehicle-specific installation designed to retain factory functions, with required harnesses, programming and testing.

Comfort features require compatible factory equipment. Available functions depend on the vehicle, installed hardware and service plan. Factory warranty coverage follows the vehicle manufacturer’s terms.

$1,799.99 Installed

Includes the SKS-SL-231 system, required harnesses, programming and professional installation. Operates with your existing factory key fob; additional handheld remotes are not included. **A working spare factory key must be supplied and forfeited. Ignition-switch modification is required.**

Available Smartphone Upgrade

Directed / Viper SmartStart +$200

Add cellular smartphone control for virtually unlimited range. Start your vehicle from virtually anywhere in the world with an active service plan, phone internet access and compatible cellular coverage at the vehicle. Available smartphone features include start/stop, lock/unlock, vehicle status, GPS location and alarm notifications, depending on vehicle equipment, interface and plan. Cellular service is separate from the installed package. Ask to add SmartStart when booking.

Installation & Warranty

Professionally installed, programmed and tested at **Access 1 Alarm & Audio, 10418 Lorain Ave, Cleveland, OH 44111**. Includes a **5-year system warranty** and installation labor coverage **for as long as you own the vehicle**. Existing factory keys, optional cellular hardware and cellular services have separate coverage and terms.

Frequently Asked Questions

Must I supply and give up a spare key?

Yes. You must supply a working spare factory key dedicated to this installation. The key is forfeited and will no longer be available as your everyday spare.

Is ignition-switch modification required?

Yes. Professional ignition-switch modification is required for this remote start installation. We confirm your vehicle configuration and installation requirements before

scheduling.

How do I activate remote start?

Use the Panic button or lock-unlock-lock sequence on your factory key fob. We demonstrate the configured start, stop and takeover procedure at pickup.

Will it activate heated seats, cooled seats and the rear defroster?

With compatible factory equipment, heated seats, cooled seats and rear defroster activation can follow programmable outside-temperature thresholds. We confirm the functions supported by your vehicle.

What can I program from the steering wheel?

Supported settings include run time, heated/cooled-seat and rear-defroster temperature thresholds, light flashes and timer start. Sensor sensitivity adjustments depend on compatible added sensor hardware.

Can I add extended-range remotes or smartphone control?

Directed / Viper SmartStart can be added for $200. Smartphone control requires compatible installed hardware, an active service plan, phone internet access and vehicle cellular coverage. Compatible RF remotes may be added for extended range; confirm the required interface and supported remotes.

Does $1,799.99 include professional installation?

Yes. The SKS-SL-231 remote start system, required harnesses, programming and professional installation are included. You must supply a working spare key; ignition-switch modification is required.

What warranty is included?

The remote start system has a 5-year warranty. Installation labor is covered for as long as the original purchaser owns the vehicle. Existing factory keys and optional cellular

hardware or service have separate terms.

Call to confirm your **2013–2020 Mercedes-Benz SL Class** compatibility, then schedule installation at **10418 Lorain Ave, Cleveland, OH 44111.**
