Short Description

2016 Mercedes-Benz SLK Class factory-key remote start. $1,299.99 professionally installed in Cleveland. Factory KeylessGo push-to-start only, not conventional key-start vehicles. **A working spare factory key must be given up; in-house special modification of the ignition switch is included.** SmartStart smartphone control is optional.

Description

MERCEDES-BENZ SLK CLASS • 2016

Factory-key convenience. Professionally installed in Cleveland, Ohio.

Remote start your 2016 Mercedes-Benz SLK Class with the factory key you already carry. Give the cabin time to warm up during a Cleveland winter or begin cooling before a summer drive, with temperature-based control of compatible factory comfort features.

Spare Key & Ignition-Switch Modification Required

This package is for factory KeylessGo push-to-start vehicles only. It is not compatible

with conventional key-start vehicles. You must supply a working spare factory key that will be dedicated to the installation. Your package includes in-house special modification of the ignition switch.

FACTORY KEY CONTROL

Panic button or lock-unlock-lock activation.

AUTOMATIC COMFORT

Temperature-based heated seat and defroster activation.

INSTALLATION INCLUDED

$1,299.99 at our Cleveland shop.

Designed Around Your Mercedes-Benz

- **Factory-key operation:** Activate remote start using the Panic button or lock-unlock-lock sequence on your existing fob.
- **Heated seats:** Automatically activate compatible OEM heated seats based on a programmable outside-temperature threshold.
- **Rear defroster:** Activate automatically at the programmed outside-temperature threshold.
- **Programming from the stalk:** Adjust supported settings such as run time, number of starts, light flashes and immobilizer settings using your vehicle’s stalk controls.
- **SmartStart compatible:** Add Directed / Viper SmartStart for cellular smartphone control and supported alarm notifications.

Comfort functions require the corresponding factory equipment. Available controls and notifications depend on the vehicle configuration, installed hardware and selected service plan. Factory-key range depends on your original remote and surroundings.

$1,299.99 Installed

Includes the SKS-SLK-172-16-PTS system, required harnesses, programming and professional installation. Operates with your existing factory key fob; additional handheld remotes are not included. **A working spare factory key must be supplied and given up for the installation. In-house special modification of the ignition switch is included.**

Available Smartphone Upgrade

Directed / Viper SmartStart +$200

Add cellular smartphone control for virtually unlimited range. Start your vehicle from virtually anywhere in the world with an active service plan, phone internet access and compatible cellular coverage at the vehicle. Available smartphone features include start/stop, lock/unlock, vehicle status, GPS location and alarm notifications, depending on vehicle equipment, interface and plan. Optional anti-theft/anti-carjacking immobilization requires compatible hardware and active SmartStart service; ask us to confirm operation and limitations for your vehicle. Cellular service is separate from the installed package. Ask to add SmartStart when booking.

Installation & Warranty

Professionally installed, programmed and tested at **Access 1 Alarm & Audio, 10418 Lorain Ave, Cleveland, OH 44111**. Includes a **5-year system warranty** and installation labor coverage **for as long as you own the vehicle**. Existing factory keys, optional cellular hardware and cellular services have separate coverage and terms.

An Aftermarket Smartphone Option After mbrace

Yes, on compatible SLK Class vehicles. Add the $200 SmartStart interface for cellular smartphone control. SmartStart is an independent aftermarket service, not a reactivation of mbrace. Earlier Mercedes-Benz telematics were affected by the 3G network shutdown in 2022. Factory connected-service availability varies by model year and equipment. SmartStart requires an active plan, phone internet access and compatible vehicle cellular coverage; it does not replace every factory service or emergency-call function.

Mercedes-Benz 3G network sunset information.

Frequently Asked Questions

What does PTS mean in this product code?

PTS identifies the push-to-start application. This package requires factory KeylessGo push-to-start, a customer-supplied spare key dedicated to installation and in-house special modification of the ignition switch.

Is SmartStart an option after Mercedes-Benz mbrace services ended?

Yes, on compatible SLK Class vehicles. Add the $200 SmartStart interface for cellular smartphone control. SmartStart is an independent aftermarket service, not a reactivation of mbrace. Earlier Mercedes-Benz telematics were affected by the 3G network shutdown in 2022. Factory connected-service availability varies by model year and equipment. SmartStart requires an active plan, phone internet access and compatible vehicle cellular coverage; it does not replace every factory service or emergency-call function.

Does this package require giving up a spare key?

Yes. This KeylessGo push-to-start package requires you to provide a working spare factory key that is dedicated to the installation. The ignition switch also requires professional modification.

How do I activate remote start?

Use the Panic button or lock-unlock-lock sequence on your original factory key fob. We demonstrate your configured start and stop procedure at pickup. Operating range depends on your factory remote and surroundings.

Will it activate heated seats and the rear defroster?

Yes, with compatible factory equipment. Heated seats and the rear defroster activate according to programmable outside-temperature thresholds.

What can I adjust?

Supported settings can be programmed from the vehicle’s stalk controls, including run time, number of starts, light flashes and immobilizer settings. We demonstrate the available adjustments after installation.

Can I use my smartphone?

Add Directed / Viper SmartStart for $200. With compatible installed hardware and an active plan, available features include remote start/stop, lock/unlock, vehicle status, location and alarm notifications. Feature availability depends on the vehicle, hardware and service plan.

Does $1,299.99 include installation?

Yes. The SKS-SLK-172-16-PTS system, required harnesses, programming and professional installation at Access 1 Alarm & Audio in Cleveland, Ohio are included.

What warranty is included?

The remote start system has a 5-year warranty. Installation labor is covered for as long as you own the vehicle. Existing factory keys and optional cellular hardware or service have separate coverage and terms.

Call to confirm your **2016 Mercedes-Benz SLK Class** compatibility, then schedule installation at **10418 Lorain Ave, Cleveland, OH 44111.**
