Short Description

Jeep Wrangler and Gladiator 7" Premium Chasing LED Headlight Kit

Description

7" Premium Chasing LED Headlight Kit For TJ, JK and JL Jeep Wranglers Including JT Gladiators

Upgrade your Jeep's headlights to 7" Chasing LEDs. The headlights have an output of 3000 lumens for the high beam and 1900 lumens for the low beam. The durable polycarbonate lens cover makes this an ideal solution for adventurous Jeep owners. Along with the Connect Controller, these headlights offer more than 170 pre-programmed modes for patterns with 16 million different colors. The controller has two wireless control options; an included remote control or a free app for a smartphone or tablet, allowing users to change colors, sync to music, and more. This lighting set also works with our other Chasing lighting products, allowing an entire system to use the same app and remote.

FEATURES

- 7" Premium chasing LED sealed headlights
- 49W each
- Lumen 3000lm (high beam), 1900lm (low beam)
- Die-cast aluminum housing
- Polycarbonate lens
- Standard H4 connector
- LED color temp 6500K
- IP67K rated
- Turn signal function (both left and right)
- Included (2) H4 to H13 adapters
- Sold as a pair
