Features

- Hi-Res Audio Certified
- 6.5" Coaxial 2-Way Speaker Design
- Polypropylene, Glass Fiber, and Mica Cone Material
- Lightweight Design with High Output and Low Distortion
- High-Amplitude Multi-Roll H.A.M.R. Surround
- Integrated 1" Tweeters
- Compatible with KTE-S65G Speaker Grille, Sold Separately

Hi-Res Certified Sound Performance

The Alpine S2-S65 speakers are Hi-Res Audio Certified and capable of reproducing frequencies up to 40kHz. This extended frequency response helps bring out more detail, clarity, and realism from your music while maintaining the loud and fun sound Alpine S-Series speakers are known for.

Clean, Accurate Audio

Crafted with a unique combination of polypropylene, glass fiber, and mica cone materials, the Alpine S2-S65 is designed for lightweight construction, high output, and low distortion. The result is a cleaner and more accurate listening experience compared to many factory-installed speakers.

H.A.M.R. Surround Technology

Alpine's High-Amplitude Multi-Roll H.A.M.R. surround technology is built into the speaker design to allow increased cone movement. This helps the S2-S65 deliver stronger, more controlled mid-bass performance while maintaining sound accuracy.

Protect Your Speakers

The Alpine S2-S65 speakers are compatible with the Alpine KTE-S65G speaker grille, sold separately, for installations where additional speaker protection or a finished appearance is desired.
