- Built-In Internal Amplifier: 50W x 6 @ 4? + 150W x 2 @ 4? or 50W x 6 @ 2? +

300W x 2 @ 2?

All-in-One Solution

Enhance your sound system with the Alpine OPTIM™8. Featuring a built-in 8-channel amplifier with Hi-Res Audio playback up to 96kHz/24Bit, the OPTIM™8 is the all-in-one sound solution to amplify and effortlessly sound-tune your system in minutes.

Simplifying Sound Tuning

The Alpine OPTIM™8 removes all the complexities of tuning a sound system by providing a simple, self-guided process via the OPTIM IOS App (iPhone/iPad) or PC App with the KTX-CSP1 External Mic kit (sold separately) to quickly and precisely measure your vehicle's interior. This innovative Auto-EQ software analyzes your vehicle’s acoustic environment and intelligently adjusts to optimize the audio output for your vehicle and provide the best possible listening experience.

Power Your System

The Alpine OPTIM™8 boasts 8 channels of power with its built-in amplifier (50W x 6 @ 4? + 150W x 2 @ 4? or 50W x 6 @ 2? + 300W x 2 @ 2?) allowing users to effectively power a full system with ease. Use it to boost a factory system or pair OPTIM™8 with Alpine’s S-Series Speakers and Subwoofers for a powerful system upgrade in any vehicle.

Personalize Your Listening Experience

Tune your system in real-time using tuning tools like crossover adjustments and time correction to create an experience that’s tailored to your ideal listening position or music genre preference. Use any of the six included presets to save your favorite tuning adjustments and access on the fly using the included OPTIM™8 controller.
