Short Description
Lucas Lighting L2 Series H11 Headlight or Fog Light LED Kit

Description
Lucas Lighting L2 Series H11 Headlight or Fog Light LED Kit

The Lucas Lighting L2 is our most popular LED replacement kit, and with good reason! A superior design with additional range of vision means you will see danger sooner and have more time to react. The center sweet spot will be well in focus and larger than with halogen or competing bulbs. Upgrade your vehicle to the latest LED technology with little or no modification.The Lucas Lighting L2 series replacement LED headlights deliver a BRIGHTER, WHITER & SHARPER light that will not only improve the looks of your ride, but will make you a safer driver at night.

The L2 Series are 5X Brighter than factory bulbs.
