Location: Cleveland, OH

Price: $109.99

Short Description

DISCONTINUED: The Viper 7351V 2-way Responder LE remote has been replaced by the genuine **Viper 7254V**. Orders from this listing will receive the **7254V replacement remote**, not the original 7351V. **$109.99 with FREE U.S. shipping.**

Description

Viper 7351V 2-Way Responder LE Remote Control Replacement

The original **Viper 7351V 2-way Responder LE remote control** has been discontinued and is no longer manufactured.

Orders placed from this listing receive the genuine **Viper 7254V**, the current

replacement remote for compatible systems that originally used the 7351V.

Discontinued Product Notice — Viper 7254V Ships

The original **Viper 7351V** has been discontinued. The current replacement is the newer **Viper 7254V 2-way Responder LE remote control**.

The 7254V provides the same basic 2-way Responder LE functionality for compatible systems while using Viper's newer second-generation remote design.

IMPORTANT: You are purchasing the replacement remote. Orders from this 7351V listing will receive the genuine Viper 7254V shown in the product image. You will not receive a 7351V.

VIPER 7254V REPLACES SELECT DISCONTINUED RESPONDER LE REMOTES

The product being shipped is the genuine Viper 7254V.

The Viper 7254V can also be used in place of compatible **Python 7254P** and **Clifford 7254X** remote controls.

Genuine Viper 7254V Second-Generation Responder LE Remote

The replacement supplied with this listing is a brand-new, genuine **Viper 7254V** remote

from the original manufacturer.

The 7254V features five rubberized buttons in a slim ergonomic housing and provides 2-way confirmation when used with a compatible remote-start or vehicle-security system.

Viper's updated 7254V design also improves aspects of the earlier Responder LE remotes, including the battery-cover design.

Compatibility Information

If a 7251, 7254 or 7351 series remote previously operated your system, then you already know the 7254V is compatible with that system.

- If you are replacing a different model remote, compatibility is determined by the actual Viper, Python, Clifford or Automate remote-start/security system installed in the vehicle.
- On certain systems, compatibility can also depend on the **Control Center / Antenna**.
- *** Models marked with an asterisk require a new antenna. Contact Access 1 Alarm & Audio to purchase the antenna.**
- If you are unsure which remote your system requires, contact Access 1 Alarm & Audio before ordering. We can help identify the correct replacement remote.

Programming Instructions

7254V Programming Instructions

Responder LE 2-Way SuperCode Remote Control

The following Learn Routine is used to program this replacement transmitter to the system. Programming is performed using the button on the vehicle's windshield-mounted **Control Center / ANTENNA**.

Open a door.

Turn the ignition **ON**.

Press, release, and then press and hold the programming button on the **Control Center / Antenna**.

The Control Center LED flashes and the siren or horn sounds one time to confirm the system is prepared. Release the button and proceed to the remote-learning procedure below.

Press and hold the **FUNCTION button** until the transmit LED turns on, then release the button.

Press and hold the **REMOTE START button** until the transmit LED flashes **3 times**, then release the button.

Press the **LOCK button** until the siren or horn sounds to confirm the remote has been learned.

A sequence of chimes should sound from the remote to confirm successful pairing. If the chimes are not heard, make sure the system is still prepared for learning and repeat the remote-learning procedure.
