Short Description

JBL 11-Inch BassPro Hub 300-Watt Bass Package

Description

JBL 11-Inch BassPro Hub 300-Watt Bass Package

The JBL BassPro Hub subwoofer delivers show & shine performance without crowding your passengers or sacrificing cargo area. This subwoofer system fits into the hub of your spare tire for a super easy installation and out of sight sound solution. The included Stage amplifier delivers 300W RMS of power and compliments the BassPro Hub subwoofer and enclosure as a system. The 11" feather-light fiberglass woofer cone with rubber surround delivers the signature kick and punch of JBL bass.

JBL Stage Amps are equipped with all the important inputs and user controls including a bass EQ as well as LPF crossover control for tailoring sound to suit the characteristics of different vehicles.

FEATURES

- Spare tire subwoofer enclosure
- 11" Subwoofer with fiberglass cone
- 300 watt RMS amplifier (600 watts max)
- Built in crossover
- Hi-level or low-level inputs
- 1-Year limited warranty against manufacturing defects
