Brand: Viper
Product Code: 7251V
Stock: 4
UPC: 093207059476
FCC ID: EZSDEI7251
MPN: 7251V
Location: Cleveland, OH

Price: $109.99

Short Description
DISCONTINUED: The Viper 7251V 2-way Responder LE remote has been replaced by the genuine **Viper 7254V**. Orders from this listing will receive the **7254V replacement remote**, not the original 7251V. **$109.99 with FREE U.S. shipping.**

Description

Viper 7251V 2-Way Responder LE Remote Control Replacement

The original **Viper 7251V** 2-way Responder LE 5-button remote control has been discontinued and is no longer manufactured.

Orders placed from this listing will receive the **genuine Viper 7254V**, the current

replacement remote for compatible systems.

Discontinued Product Notice — Viper 7254V Ships

The **Viper 7251V** has been discontinued by the manufacturer. The current replacement is the newer **Viper 7254V** 2-way Responder LE remote control.

The 7254V provides the same basic 2-way Responder LE functionality for compatible systems while using Viper's newer second-generation remote design.

IMPORTANT: You are purchasing the replacement remote. Orders from this 7251V listing will receive the Viper 7254V shown in the product image. You will not receive a 7251V.

The Viper 7254V can also be used in place of compatible **Python 7254P** and **Clifford 7254X** remote controls.

Genuine Viper 7254V Second-Generation Responder LE Remote

The replacement supplied from this listing is a **brand-new genuine Viper 7254V remote control from the original manufacturer**.

The Viper 7254V features five rubberized buttons in a slim, ergonomic design for comfortable single-handed operation.

Its 2-way communication provides confirmation when compatible remote-start and security commands are received by the vehicle. The updated 7254-series design also improved upon several aspects of the earlier 7251-series remote, including the battery-cover design.

Compatibility Information

If a 7251 or 7254 series remote previously operated your system, then you already know the 7254V is compatible with that system.

- If you are replacing a different model remote, compatibility is determined by the actual **Viper, Python, Clifford or Automate** remote start/security system installed in the vehicle.
- On certain systems, compatibility can also depend on the **Control Center / Antenna**.
- *** Models marked with an asterisk require a new antenna. Contact Access 1 Alarm & Audio to purchase the antenna.**
- If you are unsure which remote your system requires, contact Access 1 Alarm & Audio before ordering. We can help identify the correct replacement remote.

Programming Instructions

7254V Programming Instructions

Responder LE 2-Way SuperCode Remote Control

The following Learn Routine is used to program this replacement transmitter to the system. Programming is performed using the button on the vehicle's windshield-mounted **Control Center / ANTENNA**.

- Open a door.
- Turn the ignition **ON**.
- Press, release, and then press and hold the programming button on the **Control Center / Antenna**.
- The Control Center LED flashes and the siren or horn sounds one time to confirm the system is prepared. Release the button and proceed to the remote-learning procedure below.
- Press and hold the **FUNCTION button** until the transmit LED turns on, then release the button.

Press and hold the **REMOTE START button** until the transmit LED flashes **3 times**, then release the button.

Press the **LOCK button** until the siren or horn sounds to confirm the remote has been learned.

A sequence of chimes should sound from the remote to confirm successful pairing. If the chimes are not heard, make sure the system is still prepared for learning and repeat the remote-learning procedure.
