Short Description
Weatherproof 20-Piece Motorcycle Chasing LED Strip Kit

Description
Weatherproof 20-Piece Motorcycle Chasing LED Strip Kit

This 20-piece chasing LED light strip kit includes chasing lighting strips that are cut to fit 1998-2022 Harley-Davidson® Touring models. The strips are IP68-rated to be water-resistant and feature a 3M double-sided backing. Addressable LEDs allow them to be individually controlled for personalized colors, chasing light patterns, and more via a mobile smartphone app when paired with the included controller. There is also a setting to turn all lights red when braking, allowing riders to be seen from a distance and raising awareness of the motorcycle’s presence on the road.

FEATURES

- 20-piece kit is completely plug-n-play with OE-style connections
- Water-tight, labeled connectors for easy installation
