Short Description

Looking for a simple 2-way car alarm with remote start that gets the job done and doesn't break the bank? This Avital system fits the bill and is equipped with a shock sensor and starter interrupt.

Description

Avital's top-of-the-line security and remote start system will start your car with the push of a button from up to 1/4-mile away – and confirm it has started on the large LCD screen of the 2-way remote. Security works the same way: when you arm or disarm your system, you will receive confirmation on the 2-way remote, and if your siren sounds the remote will beep or vibrate to let you know, from up to 1,500 feet away. System comes with one 2-way and one 4-button 1-way remote.

***The fine print: Not all vehicles are build the same and in some instances extra parts or labor might be required to install this system, such as; hood pins, data interfaces, relays, etc... Some vehicles might even require a completely different system or aren't supported.**

Our Warranty

Access 1 Alarm & Audio provides to the ORIGINAL owner a 7-year warranty on the installed system and includes the Control Module (brain), Antenna, Program Switch. LED and labor.

- NOTE: The 7-year warranty DOES NOT include remote controls, which are covered by a 1-year warranty against defects.
- NOTE: Disconnecting or modifying the wiring by anyone other than Access 1 Alarm & Audio VOIDS the warranty.

- NOTE: If technology moves on and your system is obsolete due to the country's infrastructure progressing, we can't warranty the system. As what happened with the 2G cellular network.
