Short Description

Premium Viper vehicle security system with 1-mile range and Bluetooth smartphone control. This Viper system is what you need and is equipped with a shock/tilt sensor and starter interrupt.

Description

The Viper DS4V Digital Security System is a cutting-edge automotive security and remote start system designed to provide unparalleled protection and convenience for vehicle owners. With advanced features like smartphone integration and remote start capabilities (OPTIONAL), the DS4V ensures peace of mind and ease of use. Its intuitive interface allows users to control their vehicle from 1-mile away, while its robust security measures safeguard against theft and unauthorized access. Whether it's ensuring vehicle safety or enhancing comfort with remote start functionality, the Viper DS4V offers a comprehensive solution for modern automotive security needs.

This premium system has all the features of the higher end 2-way systems without the 2-way remote controls. Just add a 2-way remote control in the future to turn the system into the premium 2-way system

***The fine print: Not all vehicles are build the same and in some instances extra parts or labor might be required to install this system, such as; hood pins, data interfaces, relays, etc... Some vehicles might even require a completely different system or aren't supported.**

Our Warranty

Access 1 Alarm & Audio provides to the ORIGINAL owner a lifetime warranty on the installed system and includes the Control Module (brain), Antenna, Program Switch. LED and labor.

- NOTE: The lifetime warranty DOES NOT include remote controls, which are covered by a 1-year warranty against defects.
- NOTE: Disconnecting or modifying the wiring by anyone other than Access 1 Alarm & Audio VOIDS the warranty.
- NOTE: If technology moves on and your system is obsolete due to the country's infrastructure progressing, we can't warranty the system. As what happened with the 2G cellular network.
