Includes professional installation, 3X LOCK factory-key activation and no OEM key sacrificed. Limited offer—only 4 systems available. App service-plan requirements apply.

Description

2008–2014 MERCEDES-BENZ C-CLASS SEDAN

Smartphone Remote Start — Professionally Installed

Remote start your Mercedes-Benz using your **factory key or smartphone**, with smartwatch control on supported devices. Your key. Your phone. Your choice.

Remote Start Your C-Class Your Way

Enjoy the convenience of starting your Mercedes-Benz before you get inside. Use your existing factory key when nearby, or use the compatible smartphone app when you need control beyond your factory key’s operating range.

Give your vehicle time to warm up on cold Cleveland mornings or begin cooling the cabin during warmer weather—all without adding another handheld remote to your keychain.

Factory Key, Smartphone and Smartwatch Control

- **Factory-key activation:** Press LOCK three times on your factory Mercedes-Benz key to activate remote start within the key’s operating range.
- **Smartphone control:** Use the compatible app to operate your remote start when

the required connectivity and active service are available.
- **Smartwatch convenience:** Access remote-start functions on supported smartwatches with the required compatible phone, app and service configuration.

No OEM Key Sacrificed

Keep all of your factory keys. This installation does not require permanently leaving a factory key inside your vehicle.

What’s Included for $999.99

- Remote-start system for your compatible Mercedes-Benz C-Class sedan.
- 3X LOCK activation using your existing factory key.
- Smartphone-control equipment.
- Smartwatch control on supported devices and app configurations.
- No OEM key sacrificed.
- Professional installation and system testing by Access One Alarm & Audio.

Vehicle Compatibility

This offer is for supported **2008–2014 Mercedes-Benz C-Class W204 sedans**, including compatible **tip-start key and push-to-start** applications.

Please provide your vehicle’s year, model, starting configuration and VIN when contacting us. We will verify compatibility before scheduling installation. This listing does not establish fitment for coupes, wagons, 2015 models or every trim and equipment configuration.

Smartphone App and Service Information

Smartphone and smartwatch operation requires compatible devices, the supported app, an active service plan where required and network connectivity. Contact us for current service-plan pricing, any included service term and device compatibility before purchase. The $999.99 installed price should not be interpreted as including lifetime app or cellular service.

Professional Installation in Cleveland

Your remote-start system and smartphone-control equipment are professionally installed and tested by Access One Alarm & Audio. This is an installed package, not an uninstalled do-it-yourself kit. Contact our team to confirm your application and arrange an installation appointment.

Limited offer applies to the four designated systems and is subject to remaining availability and confirmed vehicle compatibility. Installation requires an appointment. Factory-key range varies with conditions. Smartphone and smartwatch functionality depends on device compatibility, supported app features, network availability and applicable service-plan requirements. Vehicle and app images are illustrative; actual equipment, interface and available functions may vary.
