Short Description

2017–2019 Infiniti QX30 factory-key remote start, $1,799.99 professionally installed in Cleveland. Conventional key-start without factory push-to-start only. **A working spare factory key must be supplied and dedicated to installation. In-house special ignition-switch modification is required and included. Not compatible with hybrid vehicles.** Factory Panic-button or lock-unlock-lock activation, compatible heated-seat/defroster temperature control and stalk programming. Optional SmartStart upgrade +$200.

Description

INFINITI QX30 • 2017–2019

Factory-key convenience. Professionally installed in Cleveland, Ohio.

Remote start your 2017–2019 Infiniti QX30 with the factory key you already carry. Give the cabin time to warm up during a Cleveland winter or begin cooling before a summer drive, with temperature-based control of compatible factory comfort features.

Spare Key & Ignition-Switch Modification Required • No Hybrids

This package is for compatible 2017–2019 Infiniti QX30 vehicles with conventional key-start without factory push-to-start only. **You must supply a working spare factory key dedicated to the installation. In-house special ignition-switch modification is required and included. Hybrid vehicles are not compatible.**

FACTORY KEY CONTROL

Panic button or lock-unlock-lock activation.

AUTOMATIC COMFORT

Temperature-based heated seat and defroster activation.

INSTALLATION INCLUDED

$1,799.99 at our Cleveland shop.

Designed Around Your Infiniti

- **Factory-key operation:** Activate remote start using the Panic button or lock-unlock-lock sequence on your existing fob.
- **Heated seats:** Automatically activate compatible OEM heated seats based on a programmable outside-temperature threshold.
- **Rear defroster:** Activate automatically at the programmed outside-temperature threshold.
- **Programming from the stalk:** Adjust supported settings such as run time, number of starts, light flashes and immobilizer settings using your vehicle’s stalk controls.
- **SmartStart compatible:** Add Directed / Viper SmartStart for cellular smartphone control and supported alarm notifications.

Comfort functions require the corresponding factory equipment. Available controls and notifications depend on the vehicle configuration, installed hardware and selected service plan. Factory-key range depends on your original remote and surroundings.

$1,799.99 Installed

Includes the SKS-QX30-17-19-KEY system, required harnesses, programming and professional installation. Operates with your existing factory key fob; additional handheld remotes are not included. **A working spare factory key must be supplied and given up for the installation. Ignition-switch modification is required.**

Available Smartphone Upgrade

Directed / Viper SmartStart +$200

Add cellular smartphone control for virtually unlimited range. Start your vehicle from virtually anywhere in the world with an active service plan, phone internet access and compatible cellular coverage at the vehicle. Available smartphone features include start/stop, lock/unlock, vehicle status, GPS location and alarm notifications, depending on vehicle equipment, interface and plan. Optional anti-theft/anti-carjacking immobilization requires compatible hardware and active SmartStart service; ask us to confirm operation and limitations for your vehicle. Cellular service is separate from the installed package. Ask to add SmartStart when booking.

Installation & Warranty

Professionally installed, programmed and tested at **Access 1 Alarm & Audio, 10418 Lorain Ave, Cleveland, OH 44111**. Includes a **5-year system warranty** and installation labor coverage **for as long as you own the vehicle**. Existing factory keys, optional cellular hardware and cellular services have separate coverage and terms.

Frequently Asked Questions

Does this work on hybrid vehicles?

No. This package is not compatible with hybrid vehicles. Supported conventional key-start applications require a working spare factory key dedicated to installation and professional ignition-switch modification.

Does this package require giving up a spare key?

Yes. This conventional key-start package requires you to provide a working spare factory

key that is dedicated to the installation. The ignition switch also requires professional modification.

How do I activate remote start?

Use the Panic button or lock-unlock-lock sequence on your original factory key fob. We demonstrate your configured start and stop procedure at pickup. Operating range depends on your factory remote and surroundings.

Will it activate heated seats and the rear defroster?

Yes, with compatible factory equipment. Heated seats and the rear defroster activate according to programmable outside-temperature thresholds.

What can I adjust?

Supported settings can be programmed from the vehicle’s stalk controls, including run time, number of starts, light flashes and immobilizer settings. We demonstrate the available adjustments after installation.

Can I use my smartphone?

Add Directed / Viper SmartStart for $200. With compatible installed hardware and an active plan, available features include remote start/stop, lock/unlock, vehicle status, location and alarm notifications. Feature availability depends on the vehicle, hardware and service plan.

Does $1,799.99 include installation?

Yes. The SKS-QX30-17-19-KEY system, required harnesses, programming and professional installation at Access 1 Alarm & Audio in Cleveland, Ohio are included.

What warranty is included?

The remote start system has a 5-year warranty. Installation labor is covered for as long as you own the vehicle. Existing factory keys and optional cellular hardware or service have

separate coverage and terms.

Call to confirm your **2017–2019 Infiniti QX30** compatibility, then schedule installation at **10418 Lorain Ave, Cleveland, OH 44111.**
