

# THE BEAT GOES ON EVEN WITH YOUR JK'S TOP OFF

## PSS-22WRA

1200-WATT WEATHER RESISTANT SOUND SYSTEM UPGRADE FOR 2011-2018 JEEP® WRANGLER JK UNLIMITED

**BUILT TOUGH FOR JKU**

**POWERFUL SOUND UPGRADE**

**FLEXIBLE COMPATIBILITY**

While the system is IP55 Rated for weather resistance, it also is designed to work with different trims Wrangler JKU (2011-2018) due to its configurable parts.

Alpine's exclusive Dynamic Peak Power (DPP) technology and new 10-inch under-seat subwoofer enclosure allow for incredible sound performance (600W RMS / 1200W DPP) even with the top or doors off.

Works with Alpine Restyle Dash Systems for JK, other aftermarket radios or the factory Jeep radio.

### PSS-22WRA FOR:

2011-2018  
Jeep Wrangler JKU\*

\* Not compatible with factory equipped Alpine amplified system (Alpine badging on subwoofer in back rear-right) or manual transmission.

Sheet #PSS-22WRA-SS-PK. Jeep and Wrangler are registered trademarks of FCA US LLC. ©Alpine Electronics, Inc. All Rights Reserved.
