

ENJOY YOUR MUSIC EVEN WITH YOUR JL'S TOP OFF

PSS-23WRA

300-WATT POWERED SYSTEM UPGRADE FOR 2018-UP JEEP WRANGLER JL UNLIMITED

Upgrade your 2018-Up 4-door Jeep Wrangler JLU* with a 300-watt Powered System Sound Upgrade.

The system is plug & play. The pre-assembled amplifier and subwoofer kit mounts to the passenger's seat for improved sound performance, even when the top is off.

Works with the factory Jeep radio or other aftermarket radio.

FEATURES:

- 300-watt powered system upgrade featuring a powered subwoofer, amplifier, replacement speakers for the front dash board and installation accessories*
- Pre-assembled amplifier and subwoofer securely mount under the passenger's seat without taking up valuable space
- Works with the factory Jeep radio or other aftermarket radio

PSS-23WRA FOR:

2018-UP
Jeep Wrangler JLU*

* Not compatible with factory equipped Alpine amplified system (Alpine badging on subwoofer in back rear-right).
