S2-A60M

Alpine Next-Gen S-Series 600W Mono Amplifier

/////ALPINE

PRODUCT OVERVIEW

Entry-level sound just got elevated with the S2-A60M Mono Amplifier. Its sleek redesign houses an Alpine Class D Amplifier Circuit with 600W of powerful bass performance.

PRODUCT FEATURES

Unparaled Power - Alpine's S-Series S2-A60M 600W Mono Amplifier is the perfect solution for unparalleled power and performance on a budget. With a power output of 600W at a 1ohm or 2ohm drive, this mono amp is capable of driving even the most demanding subwoofers, delivering clean and distortion-free bass for a wide range of applications. Plus, its compact design makes it easy to install in any vehicle.

Flexible Application - New to the Next-Generation S-Series amplifiers is a new selectable remote turn-on circuit, a three-position switch that ensures the amplifier turns on and off at the proper times. This design is crucial with newer, in-vehicle technology and allows for proper integration with any factory or aftermarket system.

Simplified Installation – Intentional designs were made to the amplifier that consolidated all speaker connections to one side of the amplifier and with gain and crossover controls on the other side for easy access. Removable end caps were added to cover the connections and provide a clean finish to the amplifier.

MAIN FEATURES

- 600W Mono Amplifier
- Alpine's Class D Amplifier Circuit
- Two-Sided Terminal Layout
- Built-in Selectable / Adjustable Crossovers
- Optional Remote Bass Knob Compatible *(required RUX-KNOB.2 or RUX-H01, sold separately)*

TECH SPECS

- **Dimensions:** 8.7" W x 2.25" H x 8.25" D
- **Weight:** 4 lbs, 13 oz
- **Power Rating:** 14.4V, < 0.1% THD +N
- **Power Output:** 330W x 1 @ 4Ω, 600W x 1 @ 2Ω, 600W x 1 @ 1Ω
- **S/N Ratio:** >85dB
- **Frequency Response:** 10Hz – 400Hz
- **Damping Factor:** >1000

WHAT'S IN THE BOX

- (x1) S2-A60M Mono Amplifier
- (x2) Connection end covers w/4 attachment screws
- Owner's Manual
- "Birth Sheet" that certifies by measurement the actual power of the amplifier in the box
- (x4) Self-tapping screws
- (x1) Hexagon wrench
- Alpine Registration Card
- Alpine Limited Warranty Sheet
- Tips sheet for power supply wire connections
