

S2-S65C

Alpine S-Series 6.5" Component Speaker Set

PRODUCT OVERVIEW

Newly redesigned and Hi-Res Audio Certified, the Next-Generation S-Series S2-S65C 6.5" Component Speakers offer a new standard in entry-level sound performance.

PRODUCT FEATURES

Hi-Res Certified – Using “trickle-down” technology, inspired design, and performance cues from the Ultra-High-Resolution AlpineF#1Status system, the Next-Generation Alpine S-Series Speakers are now Hi-Res Audio Certified and able to reproduce up to 40kHz frequency response. This new benchmark in sound quality elevates the Next-Gen S-Series Speakers resulting in a more accurate and natural sound at an entry-level price point.

Reliable Performance – Crafted with a unique combination of Poly Propylene, Glass Fiber, and Mica Cone materials, the S2-S65C is designed for lightweight construction, high output, and low distortion, giving you a clean and accurate audio experience.

HAMR Surround - Alpine-exclusive High Amplitude Multi-Roll (HAMR) surround technology is integrated into the speaker design which allows for maximum cone movement, delivering powerful and accurate bass notes.

Protect Your Speaker - The S-Series S2-S65C is compatible with the KTE-S65G Speaker Grille (sold separately). This sleek and stylish grille will not only add a visual upgrade to your speakers but also provide protection against any damage.

S2-S65C
