Short Description

Drive confidently and securely with this Wi-Fi enabled Escort Max radar and laser detector. It works with the Escort Live app for real-time information on your location's current speed limit and reported traffic incidents.

Description

The ESCORT MAX 360c is the first driver alert system designed for the connected car. When paired directly to the car's WiFi (2.4GHz only), the MAX 360c automatically connects to ESCORT Live® without the need for a smartphone. Through the ESCORT Live app users are connected to 3.5 million registered users who generate over 8 million alerts per month.

In addition to the ESCORT Live community, the MAX 360c can be updated to the latest software and firmware over the air when connected to a WiFi network, eliminating the need to remove the detector from the car.

The ESCORT MAX 360c offers true 360 degree protection against all ticket threats out there today. Its front and rear dual antennae design offers pinpoint precision. Multi-directional arrows indicate the direction of the threat and

ESCORT's patented GPS-based AutoLearn technology, combined with IVT filtering reduces false alerts.
